IT pixfix vi entusiasmerà : il vostro pannello può essere fissato a parete in modo completamente invisibile e senza essere forato. grazie all'intelligente sistema di inserimento, i pannelli possono inoltre venir cambiati in qualsiasi momento. pixfix può essere fissato alla targa da esporre già direttamente in officina, così da risparmiare tempo sul luogo del montaggio. le dime per il montaggio sono davvero pratiche: si segnano così sul muro i punti dove effettuare i fori con il trapano, senza bisogno di prendere altre misure a vuoto. pixfix si adatta a tutti i materiali perchè può anche essere fissato ai pannelli con delle viti. distanza dal muro : 10mm

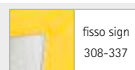

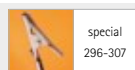

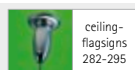

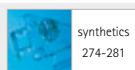

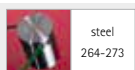

DE pixfix wird sie begeistern: ganz ohne lochbohrung und unsichtbar wird ihr pannel befestigt. dank des cleveren einschubsystems können sie die paneele auch jederzeit ganz einfach austauschen. die befestigung von pixfix am panel kann bereits in der werkstatt erfolgen, so sparen sie zeit bei der montage. praktisch die montageschablone: bohrlöcher werden einfach durch andrücken markiert, ohne umständliches ausmessen. pixfix ist geeegnet für alle materialien und lässt sich auch mit schrauben am panel befestigen. wandabstand: 10mm

EN pixfix will inspire you: without the need for holes in your panel and it secures it invisibly. thanks to the clever insert system you can simply exchange the panels at anytime. you can mount pixfix to your panels already in the work shop, saving time on-site later. the label positioning is convenient: press on the pixfix and drill holes which are simply marked on the wall. pixfix is suitable for all materials and can be also mounted with screws to the panel. distance from wall: 10mm

safe

IT sistema variabile zigrinato, chiusura di sicurezza, veloce da montare. prima del montaggio inserire le testine nel pannello e le rondelle in pvc, montare i distanziali alla parete. le rondelle assicurano un fissaggio perfetto del pannello. premere il pannello con le testine nei fori dei distanziali. inserire la moletta per bloccare la testa contro la manipolazione. per lastre, targhe e pannelli di spessore medio. montaggio semplice e veloce. fissaggio: sistema zigrinato, con chiusura laterale di sicurezza. materiale: acciaio inox o ottone color cromo lucido o argento satinato.

DE variables raster-klemmsystem, manipulationsgeschützt und schnell. köpfe vor der montage durch das paneel und die pvc-scheibe stecken, hülssen an der wand befestigen. pvc-scheiben sorgen für satte auflage und halten die köpfe im paneel. köpfe dann einfach aufklicken. metallklemme einschieben und das paneel im halter gegen manipulation sichern. für schilder, platten, paneele und borde mittlerer stärke, schnelle, bequeme montage. befestigung: raster-klemmsystem mit arretierung, manipulationssicher. material: edelstahl bzw. messing versilbert oder verchromt.

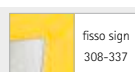

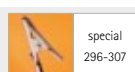

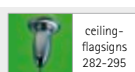

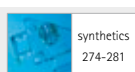

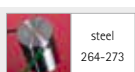

EN variable grid-clampsystem, tamper-proof, quickly mounted. put the head through panel and washer, wallmount the spacers. the weak pvc washer secures full bearing of the panel and also holds the heads in the panel before mounting. now plug the heads into the spacers and insert the spring for secure and tamper-proof hold. for signs, panels and boards with medium size, mounting is quick and convenient. mounting: variable grid-clampsystem, tamper-proof. material: stainless steel or brass, silver- or chrome-plated.

IT pixfix vi entusiasmerà : il vostro pannello può essere fissato a parete in modo completamente invisibile e senza essere forato. grazie all'intelligente sistema di inserimento, i pannelli possono inoltre venir cambiati in qualsiasi momento. pixfix può essere fissato alla targa da esporre già direttamente in officina, così da risparmiare tempo sul luogo del montaggio. le dime per il montaggio sono davvero pratiche: si segnano così sul muro i punti dove effettuare i fori con il trapano, senza bisogno di prendere altre misure a vuoto. pixfix si adatta a tutti i materiali perchè può anche essere fissato ai pannelli con delle viti. distanza dal muro : 10mm

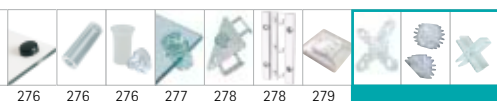

DE pixfix wird sie begeistern: ganz ohne lochbohrung und unsichtbar wird ihr paneel befestigt. dank des cleveren einschubsystems können sie die paneele auch jederzeit ganz einfach austauschen. die befestigung von pixfix am paneel kann bereits in der werkstatt erfolgen, so sparen sie zeit bei der montage. praktisch die montageschablone: bohrlöcher werden einfach durch andrücken markiert, ohne umständliches ausmessen. pixfix ist geeignet für alle materialien und lässt sich auch mit schrauben am paneel befestigen. wandabstand: 10mm

EN pixfix will inspire you: without the need for holes in your panel and it secures it invisibly. thanks to the clever insert system you can simply exchange the panels at anytime. you can mount pixfix to your panels already in the work shop, saving time on-site later. the label positioning is convenient: press on the pixfix and drill holes which are simply marked on the wall. pixfix is suitable for all materials and can be also mounted with screws to the panel. distance from wall: 10mm

digiplug

IT leggero, facile da usare, veloce da installare: ecco digiplug, il connettore ad 8 vie per pannelli con spessore di 4 mm. digiplug è particolarmente consigliato con pannelli leggeri, di piccole dimensioni e quadrati, perchè il connettore si monta sugli angoli, non in mezzo. digiplug da un lato è filettato, per consentirne l'utilizzo con tutta una serie di accessori. Vi offriamo digiplug come set completo fornito in un a pratica valigetta per il trasporto o a singoli componenti.

DE schnell leicht und einfach: das ist digiplug 8-wege verbinder für 4mm starke paneele. besonders empfiehlt sich digiplug mit kleinformatigen, quadratischen leichtstoffplatten, da digiplug an den ecken, nicht mittig, eingesetzt wird. jeder digiplug hat an einer seite ein gewinde für die befestigung von zubehör. wir bieten ihnen digiplug als komplettsset im praktischen transportkoffer oder als einzelkomponente an.

EN quick, light and easy: this is digiplug, the 8-way connector for 4mm panels. especially recommended is digiplug with small sized, squared lightweight panels as the connector is used at the corners, not in the middle. every digiplug comes with a thread on one side for mounting the accessories. we offer digiplug as a complete set with handy transport case or as single components.
